(c) Though there are a large number of places in the country visited by the international tourist, there is no system of declaring places as international tourist centres. The identification and development of centres of tourist importance is a continuous process and primarily the responsibility of the State/ Union Territory Governments. The Department of Tourism extends Central financial assistance to State Governments to develop tourism infrastructure on the basis of proposals received from them, the availability of funds and the inter-se-priority of the projects.

PAPERS LAID ON THE TABLE
